

n and Steevens' editions of 1778 and 1803, and 1813, that he conjectured it to have been written in 1596; while Chalmers assigned it to 1597; hut in his Life of our Author, 1821, he conjectures it to have been written in 1600 and he again prints the whole of the plays according to the new conceptions he had formed, though many of them varied no less than eight or nine years from his previous computation. Now if upon such grounds and some settled a state of things, editors not even agreeing with themselves, the order, in which these dramas are presented to the public, is to undergo a change on every republication, the confusion will be endless.

NEW GROUP
"YOUR ASIA-PACIFIC PARTNERS"

With the reader and the public it must be an object to have ready and certain means of reference to the leading passages of a great author, and it therefore seems highly desirable that there should be some series of understandings, which at all times may be found in the drama.

Shabby Chic

Le shabby chic est un style sans règles fixes... le confort et les couleurs claires sont ses seules exigences. tout le reste se fait en suivant mon cœur.
